

Loveland Youth Gardeners

Planting Seeds * Growing Youth * Nourishing Community

PROGRAM SPONSORSHIP

Loveland Youth Gardeners builds stronger communities through supporting at-risk and special needs youth in personal development through growing food. Our 20+ year old organization is now looking for a few strategic local business partners with whom we can build a mutually beneficial relationship.

The mission of Loveland Youth Gardeners (LYG) is to cultivate job & life skills, environmental stewardship and service in youth facing barriers by building healthy relationships with people, agriculture, and community. Our vision is for all youth to realize their value and potential and are equipped to lead a healthy life. For more than 20 years, we have served our community by helping young people develop the tools to become successful and contributing members of society.

A seasonal sponsorship of our Youth Education Programs is an opportunity to make a social investment in the community that also offers customizable benefits to best suit your business needs. It is critical to note we are looking for partnerships through the building of relationships, not just funding. We believe this relationship can create a meaningful and sustainable model of success for both parties.

Sponsorship Options Menu

Please review the Options Menu below to determine the combination of options most attractive to your company. If you would like to discuss additional options, please feel free to ask. Again, this is about creating a meaningful partnership. Once we determine your custom package, we can decide upon its value and work out a payment plan and other details.
